

Nogales High School

June 8, 2017

Greetings Seniors:

I want to welcome you back to Nogales High School! I am Mr. Cesar Miranda, Principal of NHS. I am very excited to be a part of such a great school that has so much history and culture! Congratulations on making it to your senior year...but the journey is far from over!

This year will be filled with life long memories that you get to share with your closest friends. However, being a senior also entails numerous responsibilities. You will be the role models on campus, and great things will be expected of you.

It cannot be stressed enough to get involved in building your resume, applying to colleges, investigating different career possibilities, filling out scholarships and completing financial aid forms. Along with planning for your future, you will still be held accountable to fulfill your responsibilities as an NHS student.

One of my main priorities is to maintain a safe learning environment for ALL students. Please do your part to help in this matter.

Please take time to review the Behavior Management Handbook. Now is not the time for you as a senior to engage in conduct that is dangerous or abusive to yourself or others. Nogales Unified School District #1 has a very strict policy that prohibits conduct that is bullying, hazing or harassment and there are serious consequences to offenders. Nogales High School does not recognize or condone any senior parades or caravans. Bullying, hazing or harassment or engaging in harmful conduct during a so-called parade or caravan or at any other time will be dealt with under the District's policies. Any student who is caught hazing any student at any time will be referred to administration, suspended and charges will be filed. Please know that if you engage in any of these activities, doing so will jeopardize your education as discipline will be imposed if it interferes with the educational day.

Senior year starts August 9, 2017 and concludes on May 25, 2018 at 6:00 p.m. at Apache Stadium. Make your commitment to GRADUATE on the first day of school and monitor your progress throughout the school year. Make wise and responsible decisions, make passing all classes your priority, focus on your senior exhibition, and do not procrastinate. Congratulations on being a senior, and let's have a great year!

With Graduation in mind,

Cesar Miranda
Principal
